BLACK WALNUT TOLERANT PLANTS

The roots, leaves, and nut of the black walnut, pecan, butternut, and hickory trees produce “Juglone”, which is toxic to many plants. The following plants are generally tolerant of this toxin:

Annuals:

Ageratum	Morning Glory
Begonia	Pansy
Calendula	Sweet Potato Vine
Lobelia	Zinnia

Vegetables:

Beans	Most Herbs
Beets	Onions
Carrots	Parsnips
Corn	Squash
Melons	

Bulbs:

Crocus
Chionodoxa – Glory-of-the-Snow
Eranthis – Winter Aconite
Galanthus – Snowdrop
Hyacinthoides – Spanish Bluebell, Wood
Hyacinth
Muscari – Grape Hyacinth
Narcissus – Daffodil
Scilla siberica – Siberian Squill
Tulipa – Tulip

Fruit Trees and Shrubs:

Black Raspberry
Cherry
Currant
Elderberry
Nectarine
Pawpaw
Peach
Persimmon
Plum

Trees:

Acer spp. – Maples
Amelanchier spp. – Serviceberry
Betula spp. – Birches
Carpinus caroliniana – American Hornbeam
Carya spp. – Hickory
Castanea dentata – Chestnut
Catalpa spp.
Cercis canadensis – Eastern Redbud
Crataegus spp. – Hawthorn
Fagus grandifolia – Beech
Gleditsia triacanthos inermis – Honeylocust
Hamamelis spp. – Witchhazel
Liquidambar styraciflua – Sweet Gum

Liriodendron tulipifera – Tuliptree
Magnolia acuminata – Cucumber Magnolia
Malus - Crabapple
Nyssa sylvatica – Black Gum
Prunus Americana – Black Cherry
Prunus serotina – American Plum
Quercus spp. – Oak
Salix spp. – Willow
Rhus typhina – Staghorn Sumac
Robinia pseudoacacia – Black Locust
Sassafras albidum – Sassafras
Thuja spp. – Arborvitae
Tsuga canadensis – Eastern Hemlock

Vines:

Aristolochia durior – Dutchman’s Pipe
Clematis spp.
Lonicera spp. – Honeysuckle

Parthenocissus spp. – Virginia Creeper
Vitis spp. – Wild Grape

Cayuga Landscape Company, Inc.

(607) 257-3000 * FAX (607) 257-5242

Shrubs:

Buxus spp. - Boxwood
Chionanthus virginicus – Fringe Tree
Cornus alternifolia – Pagoda Dogwood
Cornus amomum – Silky Dogwood
Corylus americana – American Hazelnut
Forsythia spp.
Hibiscus syriacus – Rose of Sharon
Hypericum prolificum – St. Johnswort
Juniperus spp. – Junipers
Kolkwitzia amabilis - Beautybush
Lespedeza spp. – Bush Clover
Lindera benzoin – Spicebush

Lonicera spp. – Honeysuckle
Philadelphus – Mock Orange
Physocarpus opulifolius - Ninebark
Rhus aromatic – ‘Gro-Lo’ Sumac, et al.
Rosa spp. – Roses
Sambucus - Elderberry
Syringa spp. - Lilac
Viburnum acerfolium – Maple-leaf Viburnum
Viburnum carlesii – Koreanspice Viburnum
Viburnum dentatum – Arrowwood Viburnum
Viburnum lentago – Nannyberry Viburnum
Viburnum prunifolium – Blackhaw Viburnum
Yucca spp.

Perennials:

Ajuga – Bugleweed
Alcea – Hollyhock
Anemone – Windflower
Aquilegia canadensis – Wild Columbine
Arisaema triphllyum – Jack-in-the-Pulpit
Asarum – Wild Ginger
Aster
Astilbe
Campanula – Bellflower
Caulophyllum thalictroides – Blue Cohosh
Chrysanthemum
Convallaria majalis – Lily of the Valley
Dicentra – Bleeding Heart
Echinacea spp. - Coneflower
Eupatorium – Joe-Pye Weed
Ferns
Galium odoratum – Sweet Woodruff
Geranium – Cranesbill
Helianthus
Helleborus spp. – Lenten Rose
Hemorcallis – Daylily
Heuchera – Coral Bells
Hosta

Iris sibirica
Lamium spp. – Deadnettle
Liriope spp. - Lilyturf
Lobelia – Cardinal Flower
Mentha - Peppermint
Monarda – Bee Balm
Nepeta spp. - Catmint
Oenothera – Evening Primrose
Phlox paniculata
Physostegia – Obedient Plant
Phlox divaricata – Woodland Phlox
Podophyllum – May Apple
Polemonium – Jacob’s Ladder
Polygonatum – Solomon’s Seal
Pulmonaria – Lungwort
Rudbeckia – Black-Eyed Susan
Salvia
Sedum – Stonecrop
Sedge spp. - Carex
Solidago – Goldenrod
Stachys byzantina – Lamb’s Ear
Tradescantia – Spiderwort
Trillium
Veronica – Speedwell
Vinca minor - Myrtle
Viola

All Ornamental Grasses seem to be tolerant.
